

Lyndon Institute Dual Sports Agreement

I _____ select _____
as my primary sport for the _____ sports season.

My secondary sport will be _____ .

I understand, and agree, my primary sport takes priority when there is a conflict in games, practices, or other schedules. Further, I understand that the Head Coaches from both my primary and secondary sport need to agree to, and sign, this document before I am allowed to attend any practices, games, or meetings, of my secondary sport.

The only exceptions to the above may occur if an athlete needs to miss a practice in the primary sport, for a game in the secondary sport. The coaches from both sports will need to know dates of conflict ahead of time. The bottom line, however, is that athletes should never miss a practice in their primary sport unless the coach in that sport knows ahead of time and approves the absence.

Club sports will always be the secondary sport, if a JV or Varsity team is one of the sports teams requested for participation. Additionally, team sports will always be the primary sport and individual sports will always be the secondary sport of the athlete.

Athlete's Signature _____ Date _____

Parent's Signature _____ Date _____

Primary Coach's Signature _____ Date _____

Secondary Coach's Signature _____ Date _____
